Invacare® microAIR® MA500

Alternating Pressure Low Air Loss Mattress System

**Low - Medium Risk
Stage I-III**

A lightweight and easy-to-use Alternating Pressure Mattress System with Low Air Loss aids in the Prevention and Treatment of Pressure Injuries

Highly vapor permeable and oversized pliable quilted nylon top cover provides low shear, friction and moisture protection

Cable management system keeps cords away from the ground to help prevent trip hazards

Nylon non-slip base cover helps reduce shear and friction during bed articulation

Features & Benefits

8 adjustable comfort settings depending on the patient's therapy requirement

microAIR 500

2-in-1 alternating pressure cycles help ensure protection for patients with low to medium risk

Soft nylon urethane backed cells provide easy cleaning and helps minimize the proliferation of bacterial growth

Cell in cell design helps prevent bottoming out in the event of a power failure

Multiple snap bladders make cells more secure with patient movement

Natural heel slope helps decrease pressure in patient's vulnerable heel area
